MATERIAL SAFETY DATA SHEET

Anchor Seal, Inc.

RTV P SERIES BASE

Section 1. Chemical Product and Company Identification

<table>
<thead>
<tr>
<th>Product name/ Trade Name</th>
<th>IN CASE OF EMERGENCY:</th>
</tr>
</thead>
<tbody>
<tr>
<td>P-60 (Part B) P SERIES RTV BASE</td>
<td>INFOTRAC: 1-800-535-5053</td>
</tr>
<tr>
<td></td>
<td>INFORMATION: 1-800-669-5217</td>
</tr>
</tbody>
</table>

IN CASE OF EMERGENCY:

Manufacturer
Silicone’s, Inc
211 Woodbine Street
High Point, NC 27261

Date of Preparation: 4/26/11
Replaces: 8-10-09
Prepared by: Peter E. Spinney

Section 2. Composition, Information on Ingredients

<table>
<thead>
<tr>
<th>Component Information</th>
<th>Exposure Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemical Name: No hazardous ingredients</td>
<td>CAS# N/E</td>
</tr>
<tr>
<td></td>
<td>TLV (ppm) ACGIH N/E</td>
</tr>
<tr>
<td></td>
<td>OSHA PEL, TWA N/E</td>
</tr>
</tbody>
</table>

TLV”~Threshold Limit Value exposure (8 hour, time weighted average unless otherwise noted) established by the American Conference of Governmental Industrial Hygienists.  PEL - OSHA Permissible Exposure Limit.  N/E indicates that no exposure limit has been established.

Section 3. Hazards Identification

WARNING!

Potential Health Effects

<table>

<tr>
<td>Ingestion</td>
<td></td>
</tr>
</tbody>
</table>

Primary Routes of Exposure: Skin contact, Skin Absorption, Eye Contact, Inhalation, Ingestion

Inhalation
Low vapor pressure makes inhalation unlikely in normal use.

Skin
Slight irritant. Not readily absorbed by skin in toxic amounts.

Eyes
May cause slight eye irritation, redness and pain.

Ingestion
Harmful if swallowed. May cause nausea and irritation to the gastrointestinal tract.

Chronic
The effects of long-term, low-level exposures to this product have not been determined. Safe handling of this material on a long-term basis should emphasize the minimizing contact and using appropriate personal protective equipment.

Carcinogenicity
OSHA: Not Regulated NTP: Not Listed IARC: Not Listed

Section 4. First Aid Measures

Eyes
Immediately wash the eyes with large amounts of water for at least 15 minutes, occasionally lifting the lower and upper lids. Get medical attention immediately.

Skin
Immediately wash the contaminated skin with soap and water. If this chemical penetrates the clothing, immediately remove the clothing, wash the skin with soap and water.

Inhalation
Immediately move the exposed person to fresh air. If breathing is difficult, properly trained personnel may administer oxygen. Get medical attention if symptoms persist.

Ingestion
If large quantities have been swallowed get medical attention.

Section 5. Fire Fighting Measures

Extinguishing Media:
Carbon Dioxide Sand Dry Chemical Foam

Flash Point
>210°F ASTM D-3278 LEL: N/D UEL: N/D

Flammability Classification OSHA/NFPA
N/A Class Liquid

Extinguishing Media
Carbon dioxide, dry chemical, foam.

Unusual Fire and Explosions Hazards
Isolate fire area and deny unnecessary entry.
Fire fighters should wear positive-pressure self-contained breathing apparatus.
Section 6. Accidental Release Measures
ISOLATE AREA OF THE SPILL! Eliminate all ignition sources. Soak up small spills with inert solids such as vermiculite or other absorbent materials. Shovel into suitable disposal container. Persons not wearing protective equipment should be excluded from the area of spill until cleanup has been completed.

Section 7. Handling & Storage
Store material in a clean, ventilated area at 32-80F. Clean up spills at once. Keep container tightly closed when not in use. Avoid skin and eye contact. Avoid breathing vapors if generated. Always wear protective equipment. Wash hands and other exposed areas thoroughly after handling.

Section 8. Exposure Controls/Personal Exposure
Eye Protection
Avoid splashing. Wear chemical-resistant safety goggles or face shield. Contact lenses must not be worn.

Skin Protection
Chemical resistant synthetic rubber (neoprene, nitrile) gloves and other protective clothing are recommended to prevent repeated or prolonged skin contact.

Respiratory Protection
If personal exposure cannot be controlled below applicable limits by area ventilation, wear a properly fitted organic vapor/particulate respirator approved by NIOSH/MSHA for protection against materials in section 2.

Ventilation
General area ventilation is acceptable if the exposure is maintained below applicable exposure limits. (See Section 2) Local exhaust is recommended for confined areas. See 29 CFR 1910.146

Other Precautions
Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

Section 9. Physical and Chemical Properties

Section 12. Ecological Information
Material has not been tested for potential adverse effects to the environment.

Section 13 Disposal Considerations
RCRA: This product, if disposed as shipped, is not considered a hazardous waste as specified in 40 CFR 261. Dispose of in accordance with all applicable federal, state and local regulations.

Section 14 Transportation Information
This product, if offered for shipment, is not regulated by US DOT 49 CFR Parts 171 - 180: Regulation of Hazardous Materials Transportation in Commerce.

Shipping Information
- Liquid RTV Silicone Base
- Classification: N/A
- Identification: N/A
- Packing Group: N/A
- Label: N/A

Section 15. Regulatory Information
Regulations Governing Product:
- Inventory Status: United States (TSCA) - All ingredients are on the inventory or are exempt from listing.

SARA TITLE III
- EPCRA 311/312 Tier II Chemical Inventory Reporting: Immediate (acute)
